Rosebery School

Excellence. Endeavour. Opportunity.

17 March 2020

Dear Parent/Carer

I am writing to you with reference to the forthcoming Duke of Edinburgh Bronze award.

At present it seems sensible to limit our activities to those that are essential and to try to reduce the number of interactions with large groups of people. It is with this in mind, that our Trust, GLF Schools have directed that school trips should be cancelled for the remainder of this term. This means that the training on Saturday 21 March will now not take place. This training session will be arranged at a later date but before the Qualifying expedition.

The trips to High Ashurst in March and April will also be cancelled as will the Practice walks in May.

I have contacted the award scheme and they have said it is still possible to complete the qualifying venture in July should the situation change and when restrictions are lifted.

I understand that many of the students have completed or are working on the Volunteering, Skill and Physical sections of the award. I would encourage them to continue and record as much as they can. If they need to change activities because events are cancelled, they can do this.

As you can appreciate there are some implications for the cost and as soon as the position is clear we will contact you. Thank you for your understanding and patience as this situation unfolds.

Yours sincerely

C. A. Brice

Mrs Brice
Duke of Edinburgh Coordinator
